

[039]

ABSTRACT

[040] A printmode for an inkjet printer including a plurality of print nozzles
5 and an edge guide projecting into a printzone into which at least one of the
plurality of print nozzles may be transported for deposition of a fluid onto a print
media, the printmode including a printmask defining a print disable zone
corresponding to a pre-selected area of the printzone that includes an area of the
edge guide that projects into the printzone.
